MILES IS CENSURED

His Embalmed Beef Charge
Not Sustained by Court
of Inquiry.

CANNED BEEF IS UNFIT

For Long Continued Ration Says the
Board—Miles Erred in Not Report-
ing His Belief to Secretary of War.
Eagan Also Censured—Miles Has
Nothing to Say.

Washington, May 8.—By direction of
the president, who approves the find-
ings, Acting Secretary of War Meikle-
john yesterday made public the report
and findings of the military court ap-
pointed to investigate the charges made
by Major General Miles, commanding
the army, that the beef supplied to the
army during the war with Spain was
unfit for the use of the troops.

The most important features of the
report are: The finding that the gen-
eral's allegations that the refrigerated
beef was treated with chemicals were
not established; that his allegations con-
cerning the canned fresh or canned
roast beef were sustained as to its un-
suitability for food as used on the trans-
ports; and as a long continued field ra-
tion; censure of General Miles for "er-
ror" in failing to promptly notify the
secretary of war when he first formed
the opinion that the food was unfit; cen-
sure of the commissary general (then
General Egan) for the too extensive
purchases of the canned beef as an un-
tried ration; censure of Colonel Maus of
General Miles' staff; the finding that the
packers were not at fault and that the
meats supplied to the army were of the
same quality as those supplied to the
trade generally, and the recommenda-
tion that no further proceedings will be
taken in the premises.

The conclusion of the court adverse
to further proceedings based upon the
charges are in part as follows:
"It has been developed in the course
of the inquiry, as recited in this report,
that in some instances some individuals
failed to perform the full measure of
duty or to observe the proprieties which
dignify high military command, but the
court is of the opinion that the mere
statement in the official report of the
facts developed meets the ends of dis-
cipline, and that interests of the service
will be best subserved if further pro-
ceedings be not taken."

There is more or less criticism of Gen-
eral Miles in various parts of the re-
port. Probably the most direct instance
is the one which states that beyond the
criticism of officers found elsewhere in
the report: "The court finds that
against none of the officers command-
ing corps, divisions, brigades and reg-
iments and their staff officers should a
charge of guilt be brought."

Insufficient Justification.
"The court also finds that the major
general commanding the army had no
sufficient justification for alleging that
the refrigerated beef was embalmed or
was unfit for issue to troops. It also
finds that he committed an error in that,
having belief or knowledge, as claimed,
that the food was unfit, that it caused
sickness and distress; that some of it
was supplied under the pretense of ex-
periment, that other beef was embalmed,
he did not immediately report such
knowledge or belief to the secretary of
war to the end that a proper remedy
might be promptly applied."

The censure of Colonel Maus, in-
specter general on General Miles' staff,
is based upon his failure to call attention
to charges concerning the beef at Chick-
amauga contained in a report of inspec-
tion made by Dr. (or Major) Daly of
Oct. 26 last, in which he stated his be-
lief that the beef was chemically treated.
"The silence of Colonel Maus," says

A Deadly Danger.
Many a man who
has the seeds of
disease planted in
his blood dreams
away his time in
fancied security
with a deadly dan-
ger coiled
upon
ready to
strike

its fangs into his very vitals.
"Should a man think he has consump-
tion," you ask, "just because his ap-
petite is poor and he is losing flesh and
he has a little cough and a general feeling
of weakness and incapacity?"
Not that doesn't necessarily mean con-
sumption, but it means that the system
is being steadily undermined; it is
losing force and vitality; it is being
tainted with bilious poisons that the liver
hasn't power to throw off and any day
that which is now only a probability may
suddenly develop into a certainty.

"My wife had hemorrhage of the lungs. She
had ten hemorrhages, and the people all
here said she would never be well again," said
Mr. W. A. Sanders, of Hiram, Mass. Co. W. Va.
in a very instructive letter written to Dr. R. V.
Pierce of Buffalo, N. Y. "But she began to take
Dr. Pierce's Golden Medical Discovery and she
soon began to gain strength and flesh. After
taking ten bottles she was entirely well. Should
you think this will do you any good to publish
just use it, and if any one disputes the merits
of this almost omnipotent medicine they may
enclose self-addressed envelope with stamp,
and I will answer the same as written in this
letter."

But the time to use this medicine is now
while the little weaknesses are slowly
breaking you down. Awaken in time and
throw off the deadly danger before it
strikes you in a vital spot. This glorious
"Discovery" will give you appetite and
digestive power, pure blood and solid sub-
stantial strength.
Write to Dr. Pierce about your condition.
He will send you good, professional ad-
vice, free of charge.

the court, "on so important a matter as
the chemicalized beef reported by Major
Daly and personally known to himself,
is most remarkable."

The remark is also made that (General
Miles' failure to draw special attention
to this report is "unexplained."

Commenting upon General Miles' tes-
timony that he had first formed the
opinion last August that the refrigerated
beef had been processed, the court re-
marks: "Whatever the date upon
which he formed a belief, or a reason-
able suspicion, that the health of the
troops was being impaired by the use of
deleterious food, it was his bounded
duty, in the opinion of the court, in-
stantly to take the most effective meas-
ures within his control to ascertain the
actual fact and to correct the wrong, if
any should be found."

The evidence shows that Colonel John
F. Weston, assistant commissary gen-
eral of subsistence, recommended the
adoption of the canned roast beef as a
component of the field ration, and to
this extent he is responsible.

Eagan Censured.
The report places the quantity of
canned roast beef purchased for the war
by the commissary department at 6,847,
174 pounds, including 350,000 pounds
which was brought from Liverpool and
other English ports. This amount is
characterized as excessive, and the com-
missary general (General Egan) is se-
verely criticised in several parts of the
document on this score. One of the se-
verest rebukes is as follows:

"Considering the little use that has
been made of this beef in the regular
army, the probability that the volun-
teers were entirely ignorant of it; that
its use as a part of the field ration had
never been sanctioned by the president
or secretary of war, the court can but
characterize the action of the commis-
sary general of subsistence as unwar-
ranted and reckless in that he ordered
the purchase of such enormous quanti-
ties of food that was practically untried
and unknown, and the court so finds.
The court also finds that there is no
ground for any imputation whatever of
any other actuating motive on the part
of the commissary general, than the
earnest desire to procure the best pos-
sible food for the troops. The court pro-
nounces this act of the commissary gen-
eral of subsistence of a colossal error for
which there is no palliation."

The report expresses the belief that it
would have been impracticable to land
beef cattle on hoof in Cuba.

Miles Has Nothing to Say.
Washington, May 8.—General Miles,
when asked last night whether he had
any comment to make upon the beef re-
port, replied that he had read it. "But
I have nothing to say," he added,
"either about the report, the method of
testimony or the conclusions reached."

"Does that mean that, so far as you are
concerned, you will let the matter rest
where the report leaves it?" asked the
reporter. "I have nothing to say," re-
plied General Miles.

DEWEY'S HEALTH

Has Not Felt the Necessity of a Phy-
sician's Aid.

San Francisco, May 8.—On the steam-
ship City of Peking, from China and
Japan, was Dr. E. Page, passed assist-
ant surgeon, U. S. N., and surgeon on
the flagship Olympia for the past year
and a half. He makes the following
statement regarding Admiral Dewey's
health:

"Admiral Dewey is in perfect health.
He has not been more than 20 miles
away from Manila since May 1, 1898,
and he has not felt the necessity of a
physician's aid. The reports concerning
the admiral's physical condition have
been grossly exaggerated. The climate
of Manila is enervating, of course, but
the commander of the fleet has been no
more affected by it than any one else."

"The people of California will be dis-
appointed at not seeing Admiral Dewey,
for he has determined to return to the
United States in the Olympia by way of
the Suez canal."

COURTS THE EASY CHAIR

At Sing Sing Does the Murderer of
Banker Masterson.

New York, May 8.—James Neale
Plumb, who killed Alexander Master-
ton last Wednesday, is causing his coun-
sel and friends much embarrassment by his
apparent contentment with what he
has done.

It is learned that Harry Thompson,
his lawyer, called at the tombs, accom-
panied by a physician, who entered into
a conversation with Plumb to form a
conclusion as to his sanity. The men
had talked only a few minutes when
Plumb suddenly arose from his seat and
said excitedly:

"I am not insane! I tell you, I am
not insane! If you put in a plea of in-
sanity as a defense for me, I will get up
in open court and denounce the plea as
false. I deliberately planned to kill
Masterson. Do you think a man who
could promediate an act like that, as I
did for years, is insane? My vindic-
tion will be the easy chair at Sing Sing,
which will send me into an everlasting
sleep."

MODERN WOODMEN

Kansas City Most Expected to Be
Largest in History of Order.

Kansas City, May 8.—The local camps
of the Modern Woodmen have so far
progressed with their work that it can
positively be stated now that the na-
tional meeting which will be held in
this city, beginning on Monday, June 6,
and continuing until June 10, will be
the biggest affair of its kind in the his-
tory of the order. A reception com-
mittee of 250 men has been appointed
and they will devote their whole time
to entertaining the delegates and alter-
nates, who will be here from all over
the United States. Conservative esti-
mates place the number of strangers who
will be the guests of the city at
100,000.

TAKING OF BACOLER

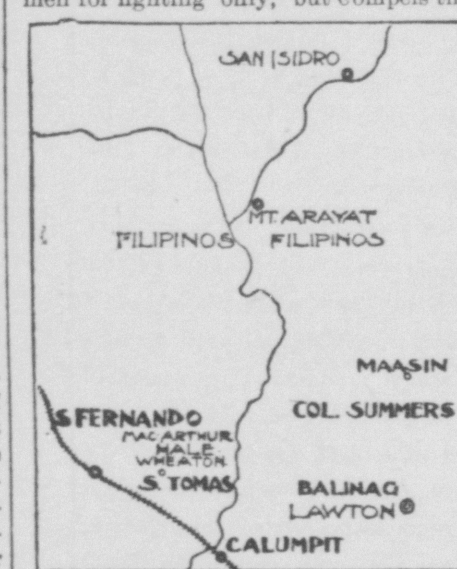

Next Task Laid Out For Mac-
Arthur and Lawton's
Troops.

ENEMY IS 6,000 STRONG

Well Armed and Possessed of Plenty
of Ammunition Under General Mas-
cardo—Town Well Entrenched and
Natives Working Like Beavers Dig-
ging Other Entrenchments.

Manila, May 8.—To clear the Philip-
inos out of Bacolor, about five miles
southwest of San Fernando, will be the
next task of the Americans. The rebel
general, Mascardo, has a force of 6,000
men there, well armed and possessed of
plenty of ammunition. His troops have
never met American soldiers and they
think, according to reports carried to
San Fernando, that they can "whip the
whole lot."

Bacolor is well entrenched and thou-
sands of natives are working like beavers,
digging trenches and carrying the dirt
in baskets. The enemy uses his rifle-
men for fighting only, but compels the

MAP OF OUR ADVANCE.
Bolomen and Chinese, and even the
women, to labor incessantly.

The rebels have an outpost about a
mile beyond San Fernando, with a
trench that holds between 200 and 300
men. At that point several volleys
were fired Saturday night upon the
camp of the Twentieth Kansas regim-
ent.

Neither Major General MacArthur or
Major General Lawton moved yester-
day, although each reconnoitered the
country in his own vicinity for some
miles from headquarters, developing the
presence of small forces of the enemy.

In the vicinity of Laguna de Bay the
rebels are extremely active, but the lines
of General Overseer and Colonel Whol-
ley have been materially strengthened
and there is no danger in that direction.

The entrance of the Americans into
San Fernando was virtually unopposed.
The Filipinos, who expected the invad-
ers to approach from the sea, had that
side of the town strongly guarded, but
there was only one line of trenches be-
yond San Tomas. Two battalions of
the Fifty-first Iowa regiment, which
swam the river north of the city, were
smartly peppered while in the water,
but the rebels disappeared as soon as
the Americans reached the shore. In
the meantime the hospital squad had
walked across the bridge into the city,
supposing the Americans were there.
They encountered no natives.

The few Spaniards and Filipinos who
were left welcomed the Americans and
opened their houses to them, General
MacArthur accepting entertainment at
the hands of Senor Hizon, a sugar mag-
nate.

Before evacuating San Fernando the
rebels burned the church and the public
buildings and looted the Chinese quar-
ter. They drove many rich Filipinos,
with their families, out of the city be-
fore them, as well as hundreds of Chi-
nese, to prevent them helping the Amer-
icans. They cut the throats of some
Many Chinese hid on rooftops or in cel-
lars, and some escaped by cutting off
their queues.

The country beyond Calumpit is full
of all sorts of ingenious trenches and
pittfalls in the road, with sharpened
bamboo. Fortunately the Americans
escaped the latter.

In the swamps near San Tomas, where
General Wheaton's troops did their
hardest fighting—the men sinking to
their waists in mud—many bodies of
Filipinos, smelling horribly.

The army is really enjoying life at
San Fernando, which is the most pic-
turesque and wealthy town the Amer-
icans have entered since the occupation
of Manila. It is largely built of stone,
the river is close at hand, and high hills
almost surround it. Many sugar fac-
tories indicate a thriving industry in
that respect, and there are numerous
fine residences. General MacArthur's
permanent headquarters is established
in the best house in town, which is
richly decorated with frescoes and with
carved wood.

After Bacolor has been cleared water
communication with Manila may be es-
tablished.

The American troops are much ex-
hausted by the campaign except the
Iowa troops, which are comparatively
fresh. The regiments of the division
average less than 50 men to a company
and all have a weather worn appear-
ance.

Sensor Albert Beveridge of Indiana
is here, studying the Philippine ques-
tion.

CONFERENCE

Of United Mine Workers and Oper-
ators at Pittsburg.

Pittsburg, Kan., May 8.—After a con-
ference which lasted till after midnight
Saturday night between the operators
and executive boards of United Mine
Workers' associations of districts No. 21
and 14 here, over a question of a scale
and the recognition of the United Mine
Workers' association, an adjournment
was had without any results having
been reached.

Adjournment was taken until tomor-
row in order that the executive com-
mittee could frame a new proposition and
allow the operators interested in the
southern Kansas and Indian Territory
district to agree upon a definite plan of
action.

In addition to a full attendance of the
executive boards of the above named
districts, President Mitchell of the na-
tional organization, James Boston of
Illinois and J. P. Reese, members of the
national executive board, were present.

DIVORCE AND MARRIAGE

Strong Words From Cardinal Gib-
bons on a Recent Happening.

Baltimore, May 8.—Cardinal Gib-
bons, in the course of his sermon at the
cathedral yesterday, on the unity of the
church characterized the recent divorce
and marriage of a society lady in New
York a crime against Christ. His emi-
nence said: "Consider the pontiff in re-
lation to King Henry VIII, who asked
for the pope's sanction to a divorce so
that he might marry again. The pope
refused to give it, saying 'Whom God
hath joined together let no man put
asunder.' Only a few days ago the
country was shocked at a woman in
high life who was divorced at 3 o'clock
and married again almost before the ink
was dry on the divorce papers. This is
a crime against the law of Jesus Christ."

POWDER EXPLOSION

Eighteen Tons of the Explosive De-
stroyed Near Pottsville.

Pottsville, Pa., May 8.—The powder-
mill plant of the Pottsville Powder com-
pany, located in the Indian Run valley,
seven miles west of here, blew up yester-
day, destroying 18 tons of powder.
No workmen were about the plant at
the time of the explosion, but John K.
Seiders, who lives near by, was slightly
hurt. A gang of tramps, it is believed,
set fire to a magazine which contained
1,600 kegs of blasting powder and 50
kegs of rifle powder, in all about 18 tons.
Pottsville and vicinity were shaken and
many window panes in the houses in
the western suburb of this place were
broken.

CIVIC FEDERATION

Will Call a National Conference on
Combinations and Trusts.

Chicago, May 8.—Ralph M. Easley,
secretary of the Chicago Civic Federa-
tion, the organization which called the
Saratoga conference on foreign policy
last August, and also organized the na-
tional conference on primary election
reform held in New York in January,
1898, and the conference on arbitration
held in Chicago after the great strike of
1894, is preparing a call for a national
conference on combinations and trusts
to be held in Chicago, Indianapolis or
some other central point.

WANT A FLAG

Cuban Steamship Lines Will Ask to
Fly the Stars and Stripes.

Havana, May 8.—The owners of the
principal Cuban steamship lines met
yesterday and resolved to send two re-
presentatives to Washington with a re-
quest that the companies be allowed to
fly the American flag, or, if that be im-
possible, to have a distinctive flag, so as
to be able to engage in trade with the
United States and other countries.
Senors Cosmo de Herrera and Blanco,
acting for the estate of Count de Mon-
tera and in the interest of Herrera com-
pany, will probably be the deputation.

Approved the Administration's Policy.

Chicago, May 8.—Three mass meet-
ings were held in Chicago yesterday to
voice approval of the policy of the ad-
ministration with reference to the Philip-
pine islands, and to protest against the sen-
timents expressed last Sunday at the
"antiexpansion" meeting in Central
Music hall. The meetings were held in
the Auditorium, Central Music hall and
the First Methodist church and in spite
of the inclement weather the aggregate
of attendance was probably 10,000.

Governor Thomas Impatient.

Denver, May 8.—Governor Thomas
has announced that within a few days,
if President McKinley and Secretary of
War Alger continue to ignore his com-
munications on the subject of the Col-
orado regiment's return from the Philip-
pines, he will take steps with a view to
securing the immediate recall of the
troops.

Woonsocket Driving Park Burned.

Woonsocket, R. I., May 8.—All the
buildings connected with the Woon-
socket driving park were burned yester-
day afternoon and 50 pounds of dynamite
stored in one of the stables ex-
ploded, shaking the country for miles
around. The buildings destroyed were
valued at \$25,000.

Cataluna Leaves Manila.

Madrid, May 8.—The minister of war,
Lieutenant General Polavieja, has re-
ceived a dispatch from General Rios,
Spain's principal military representative
in the Philippines, announcing the sail-
ing from Manila for Spain of the Span-
ish steamer Cataluna with Spanish
troops.

PROSECUTING SWINDLERS.

Two Men Who Were Taken In by
Cornob Pipe Machinery Sharers.
Andrews, Ind., May 8.—The federal
court of St. Louis has summoned E. B.
Cubberly and B. F. Andrews to appear
before the court tomorrow morning
against E. W. Nostine and others, who
are awaiting trial for extensive swin-
dling operations. Cubberly and Morris
embarked in the cornob pipe manu-
facturing business on the recommendation
of Nostine's representative, buying
their machinery of Nostine and his
partners at a high figure. When the
machinery arrived and was set up it
proved to be worthless, and cob pipes
could not be sold at any price. Cubberly
and Morris dropped about \$5,000 and
have since learned that firms all over
the country have been victimized. Cub-
berly located the swindlers and got out
warrants for their arrest and proposes
to prosecute them to the full extent of
the law.

Pensions Granted.

Washington, May 8.—Pensions have
been granted to Indians as follows:
Original—John E. Grant, National Mil-
itary Home, Grant, \$6. Additional—

Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

MONDAY, MAY 8 1899.

SENATOR BEVERIDGE IS NOW at Manila

studying the Philippine question.

The meetings of "loyalists" at Chicago Sunday at once shows the unpopularity of the anti-American sentiments spoken by a few Chicago University men.

The most recent reports from the Philippines must be discouraging to the men who have been discrediting the power and greatness of their own country.

Now just wait, and you won't have to wait long, until you hear some very harsh criticism from those who wanted the court of inquiry to find for General Miles no matter what the evidence disclosed.

Missouri proposes to have licensed barbers. The legislature has enacted a law requiring all barbers doing business in that state to pass an examination and score a certain number of points out of a possible hundred the same as a school teacher or a sanitary engineer. Missouri will now have fewer barbers but enough to form a trust.

The recent railroad deal here has attracted wide attention. The purchase of an expensive right-of-way through the heart of the city means something for the future welfare and progress of the city. Seymour now has better facilities than any city in this section of the state and this means still better things in that regard. The business possibilities of Seymour are superior to most cities in the southern part of the state and those who have money to invest will not fail to recognize this fact. We have many advantages that will bring money and prosperity to our city. Let us all work together for the good of our city.

Presses for Sale.

One George P. Gordon Press, 8x12, one quarto Universal Press, 10x15, one Hoe Drum cylinder, bed 2x28. All in good running order. Also, lot of good job and "ad" fonts and brass rule. Prices right. If you want to stock-up or refit, now is your opportunity. Address The Republican, Columbus, Ind.

Surveyors at Work.

A party of Southern Indiana surveyors are running the line for their tracks down Indianapolis avenue. The work of putting in this branch line will be pushed as rapidly as possible. The residents on Indianapolis avenue are making their arrangements to move out as soon as possible.

CHURCH NOTES.

Mrs. May L. Wilson, of Indianapolis, filled the pulpit at the Methodist church and was heard by a large audience.

Rev. Paul Bouquin preached at the St. Pauls Protestant church Sunday night to an appreciative audience.

Mrs. P. A. Jones went to Louisville today to visit friends.

Henry F. Stuckwisch and wife of near Sauers, were visitors in the city today.

Mrs. M. S. Blush went to Chicago today where she will be the guest of relatives.

Mrs. J. Larison and sister, Mrs. Lou Cozort went to Louisville today to visit relatives.

Miss Nettie Beckman of Cincinnati visited her father, G. F. Beckman Sunday.

Mike, John and Charles Fox came home today from Madison where they went to attend the funeral of their uncle.

Mrs. Jos. L. Irwin and Mrs. Z. T. Sweeney and Mrs. Sweeney's daughters, Misses Nettie and Elsie, were here this forenoon on their way to West Baden where they will spend several days.

RAILROAD RUMBLINGS.

B. H. Hancock, of the E. & T. H. was here Sunday visiting friends.

James P. Honan sold fifty-eight excursion tickets to Vincennes yesterday.

Engineer C. B. Huffman went to Chillicothe, O., Sunday on railroad business.

Trainmaster N. C. Bennette, of the J., M. & I., came up today from New Albany.

Trainmaster Carey, of the B. & O. S. W., came up from Washington on business today.

Conductor Harry Johnson and the crews at Gravel Pit, spent Sunday at their homes here.

H. F. Robinson, George Rau and Joe Riley, of the J., M. & I., spent Sunday at their homes here.

Earl Largent and Theodore Steinkamp went to Pana, Ill., Sunday to take positions in the B. & O. S. W. shops.

A. Fraser, formerly of Seymour, is superintendent of 508 miles of the Southern railway from Greenville, Miss., to Atlanta, Ga.

The Southern Indiana, has begun lay-steel rails from Elmore to Terre Haute. They will reach White river in a few days.

Hamer Fitzwater, formerly a conductor of the O. & M. at Seymour is yard master of the Southern railway at Birmingham, Ala.

A flat car had the trucks pulled from under one end at Vallonia Saturday night and the car was dragged one mile on the rails, and was set on fire and burned.

A Clear Havana.

Auditor Hart, in pursuit of insurance companies that won't live up to the Indiana law, is only the materialization of promises he made before election. It is good to see. It is to be hoped that he will make every one of them scratch gravel for their lives before he finishes with them. His address to the public giving a warning against companies that are not obeying the laws of the state, is timely, and will be of much benefit.

The state auditor's office is the greatest protection that the state offers to its citizens in almost every way. It is the great eye, not only on the public treasury, but on the pulse of each individual in Indiana, in many respects. It is the office of all offices that should be well filled, and The Sun believes that Capt. Hart is a clear Havana—Indianapolis Sun.

Mrs. Anna Carter returned from Indianapolis this morning.

N. O. molasses refined for summer use, Hancock's.

Miss Lina Jeffers, of Ft. Ritner, visited her aunt, Mrs. Jerome Boyles Sunday.

There was an internal revenue agent here looking over the city records to see if revenue stamps were being placed on bonds and other instruments as the law requires.

Husband and Wife Dead.

J. F. Dearborn, general manager of Goyert & Vogel's produce business died at his home in North Vernon Sunday evening. His wife died Sunday morning. Both had spinal meningitis.

The residence of H. P. Miller narrowly escaped being burned an evening or two ago. Some draperies caught fire from a lamp and would have developed into a conflagration but for the timely discovery of the flames by Mrs. Miller.

Vallonia Commencement.

The sixth annual commencement of the Vallonia graded schools assisted by Districts No. 1, 2 and 3, was held at the Christian church on last Tuesday evening. The decorations were attractive and appropriate and at once caught the eye of everyone who entered the church. Promptly at 7:30 the twelve graduates with their respective teachers and Supt. J. E. Payne took their places on the stage while the Seymour orchestra played a beautiful selection. Invocation prayer was offered by Bro. Clifford Boas. The music rendered by the Seymour orchestra received hearty applause from the immense crowd. It was the best music that Vallonia has procured in many a year.

The salutatory was given by Miss Blanche Shryer.

The subject "Expansion," was given by Claude E. Miller. He considers expansion as being a natural growth of a predominant race striving for its highest spiritual and physical freedom.

Miss Clara Brewer considered "Tomorrow" as being the harvest time at which we reap what is sown today.

Ed. Hotchkiss followed with an excellent biography of "Edison," pictured so vividly that one could almost inhale the chemicals of his laboratory.

Miss Mary Meyers was next with the subject, "Lend a Hand." Her paper and delivery were excellent. If all school patrons would take the advice given it would be a great help to both teacher and pupil.

Chas. Leysen not being present, Miss Lou Sweetland spoke next on the subject, "Life is what We Make It." Her words were well spoken and contained many practical illustrations of right living.

The next subject was "Crockers" by Henry Slade. He portrayed the croaker's position in the state, the church, the school, the home, and in the individual. Closing with the consoling words that:

"In the life to come
The life where all is fair,
When we are gathered home
There'll be no croakers there."

"Self-Sacrifice" was discussed by Miss May Tuell, dwelling particularly upon the life and works of Clara Barton. Miss May is a very pleasing speaker, and is to be congratulated on her success.

Miss Sallie Waakom's subject was: "Polish the Heel of Your Boot." She took the position that the outward appearance reflects the inner life. Her composition was good and her excellent delivery carried conviction to her auditors.

Miss Blanche Shryer followed with a fine biography of Gladstone. She depicted the life of the "grand old man" in such graceful language that it sounded like the ripple of silvery water over pebbles of gold.

Ellis Burcham eloquently pictured life "From the Cradle to the Grave." It was well spoken and well received. Mino Craft then gave a full exposition of the "Life Saving Service" in which many new ideas were given to his hearers.

Sam Brewer followed with "The Rural Art." Sam is a farmer boy and the fervor of his oration shows him to be proud of the fact. His valedictory was short but eloquent, especially his address to his teachers and classmates, closing with the sound advice to always speak the truth, uphold the right, assist the weak and thus bring honor to the class of 99.

The diplomas were presented by Prof. J. E. Payne in his usual pleasant manner.

This large class speaks much credit for the teachers who so faithfully worked for the success of the class both during the term and after its close. That they had many discouragements to combat we know yet with all this to contend with the commencement was a grand success and the pupils had no assessment to pay.

With this commencement, closed five terms taught in the Vallonia school by Mr. Shortridge. During that time he has made many warm friends. He has a way of writing kindness with firmness that any pupil who desired would receive help and encouragement from him.

Mrs. Morris' Letter to EVERY WIFE AND MOTHER.

[LETTER TO MRS. PINKHAM NO. 14,363]
"I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound with gratifying results. I had been married four years and had two children. I was all run down, had falling of womb with all its distressing symptoms. I had doctored with a good physician, but I derived very little good from his treatment. After taking a few bottles of your medicine, I was able to do my work and nurse my seven-months-old babe. I recommend your medicine to every wife and mother. Had I time, I could write much more in its praise. I bid you God's speed in your good work."—Mrs. L. A. MORRIS, WELAKA, PUTNAM CO., FLA.

"DEAR MRS. PINKHAM—When I commenced the use of your remedies I was very bad off. Every two weeks I was troubled with flowing spells which made me very weak. I had two of the best doctors, but they did not seem to help me. "They said my trouble was caused from weakness and was nothing to worry about. I felt tired all the time; had no ambition. I was growing worse all the time until I began the use of Lydia E. Pinkham's Vegetable Compound. I am now able to help about the house, and am much improved in health."—Mrs. A. WALKER, CALICOON DEPOT, N. Y.

Remember the Game.

The original Boston Bloomers, Ladies' Champeo Base Ball Club, who are making an extensive tour of this country, traveling in their own special private car, will play the most novel, interesting and exciting game of ball with the Seymours May 10th that has ever been witnessed in this town. This club of lady ball players has caused thousands to applaud and marvel at their wonderful playing. The Boston Bloomer Girls are without doubt the greatest club of lady base ball players ever organized, and are in no way connected with any other so-called Bloomer club. The Boston Bloomers under the management of W. P. Needham, has been successful for the past six seasons, touring the northern and western countries. Their remarkable success during the short time they have been in this part of the country is only a continuation of the former success they have met with everywhere they have visited. Ladies can attend this game without fear of being offended, as nothing will be said or done that would shock the most fastidious. The grounds will be situated in Hancock's field and will be enclosed with a large canvas fence including plenty of seats. Game—p. m. Admission to grounds, 25 cents.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time, I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took in all eight bottles of it. It has cured me, and Thank God I am saved and now a well and healthy woman." Trial bottles free at W. F. Peters Drug Store. Regular size 50c and \$1.00. Guaranteed or price refunded.

Adding a Story.

The John C. Groub Co. this morning began tearing down the rear end of their business room preparatory to putting on the third story.

A. D. Eldridge went to North Vernon this forenoon on account of the death of J. F. Dearborn, general manager of the Goyert & Vogel's produce business.

Miss Anna Beeman returned today to Bedford from a visit to her sister, Mrs. R. B. Hattabaugh.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow eyes sunken, tongue coated, pain continually in back and sides, no appetite gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man, I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bottle at W. F. Peter's drug store.

Indictment Quashed.

The indictment against Chas. A. Saltmarsh charging him with writing a fraudulent fire insurance policy was quashed by Judge Alspaugh in circuit court today. This suit was the outgrowth of a policy held by Knox C. Wilson on his livery barn which was burned.

Dangerous Dogs.

Several dogs have been killed in the city in the past few days that had symptoms of hydrophobia. Three were killed in the Third ward this morning. Residents down in that part of town look upon every dog they meet with suspicion.

No Gripping or Pains.

Arrowsmith, Ill., Jan. 21, 1897.
Dear Sirs:—I have been bothered for 15 years with constipation and I have tried many preparations during that time. I commenced using Dr. Caldwell's Syrup Pepsin in the fall of 1895 and unhesitatingly say it is the best remedy I have ever found for my trouble. No gripping or pains after taking.
Yours, etc.,
WM. HUNT.

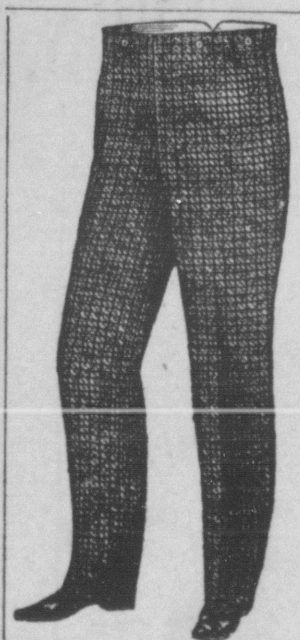

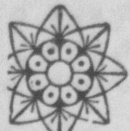

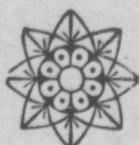

A. J. Pellens, Druggist.

Is the day coming when we shall cook our own food at our own tables; when all we shall have to do is to attach a wire to the electric fixture overhead and on a neat slab, heated by electricity, cook eggs, steaks, and cakes exactly to suit our own tastes, to say nothing of the enjoyment of having everything fresh and steaming hot? Miss Anna Leach's article in the May Cosmopolitan on "Science in the Model Kitchen" is interesting to housekeepers from a hundred points of view. Photographs of electric cooking are given with the article.

A SUPERIOR SERVICE IN DRUGS and MEDICINES

In
Medicine
Quality
Is
Of
First
Importance.

It has long been our custom and will continue our custom as long as we remain in business to handle only drugs and chemicals which we absolutely know to be of superior strength and purity.

No Doctor can obtain the desired results in the sick room unless his prescriptions are filled as he intended them to be, i. e., with drugs of the highest quality. The sick room is the one place above all others where quality counts above everything else. If you want the patient to improve; to respond to the physician's labors, you must be particular with the medicine. You must have his prescription filled with nothing but pure and fresh drugs and chemicals. We cordially invite your patronage and assure prompt attention and courteous treatment.

MILES IS CENSURED

His Embalmed Beef Charge
Not Sustained by Court
of Inquiry.

CANNED BEEF IS UNFIT

For Long Continued Ration Says the
Board—Miles Erred In Not Report-
ing His Belief to Secretary of War.
Eagan Also Censured—Miles Has
Nothing to Say.

Washington, May 8.—By direction of
the president, who approves the find-
ings, Acting Secretary of War Mel-
kion yesterday made public the report
and findings of the military court ap-
pointed to investigate the charges made
by Major General Miles, commanding
the army, that the beef supplied to the
army during the war with Spain was
unfit for the use of the troops.

The most important features of the
report are: The finding that the gen-
eral's allegations that the refrigerated
beef was treated with chemicals were
not established; that his allegations con-
cerning the canned fresh or canned
roast beef were sustained as to its un-
suitability for food as used on the trans-
ports and as a long continued field ra-
tion; censure of General Miles for "er-
ror" in failing to promptly notify the
secretary of war when he first formed
the opinion that the food was unfit; cen-
sure of the commissary general (then
General Egan) for the too extensive
purchases of the canned beef as an un-
tried ration; censure of Colonel Maus of
General Miles' staff; the finding that the
packers were not at fault and that the
meats supplied to the army were of the
same quality as those supplied to the
trade generally, and the recommenda-
tion that no further proceedings will be
taken in the premises.

The conclusion of the court adverse
to further proceedings based upon the
charges are in part as follows:

"It has been developed in the course
of the inquiry, as recited in this report,
that in some instances some individuals
failed to perform the full measure of
duty or to observe the proprieties which
dignify high military command, but the
court is of the opinion that the mere
statement in the official report of the
facts developed meets the ends of dis-
cipline, and that interests of the service
will be best subserved if further pro-
ceedings be not taken."

There is more or less criticism of Gen-
eral Miles in various parts of the re-
port. Probably the most direct instance
is the one which states that beyond the
criticism of officers found elsewhere in
the report: "The court finds that
against none of the officers command-
ing corps, divisions, brigades and reg-
iments and their staff officers should a
charge of guilty be brought."

Insufficient Justification.
"The court also finds that the major
general commanding the army had no
sufficient justification for alleging that
the refrigerated beef was embalmed or
was unfit for issue to troops. It also
finds that he committed an error in that,
having belief or knowledge, as claimed,
that the food was unfit, that it caused
sickness and distress; that some of it
was supplied under the pretense of ex-
periment, that other beef was embalmed,
he did not immediately report such
knowledge or belief to the secretary of
war to the end that a proper remedy
might be promptly applied."

The censure of Colonel Maus, inspec-
tor general on General Miles' staff, is
based upon his failure to call attention
to charges concerning the beef at Chick-
amauga contained in a report of inspec-
tion made by Dr. (or Major) Daly of
Oct. 26 last, in which he stated his be-
lief that the beef was chemically treated.
"The silence of Colonel Maus," says

A Deadly Danger.
Many a man who
has the seeds of
disease planted in
his blood dreams
away his time in
fancied security
with a deadly dan-
ger coiled
around
him ready to
strike

its fangs into his vital.
"Should a man think he has consump-
tion," you ask, "just because his ap-
petite is poor and he is losing flesh and
he has a little cough and a general feeling
of weakness and incapacity?"
No; that doesn't necessarily mean con-
sumption, but it means that the system
is being steadily undermined; it is
losing force and vitality; it is being
tainted with bilious poisons that the liver
hasn't power to throw off and any day
that which is now only a probability may
suddenly develop into a certainty.
"My wife had hemorrhage of the lungs. She
had ten hemorrhages, and the people all around
here said she would never be well again," said
Mr. W. A. Sanders of Hiram, Mass. Co. W. Va.,
in a very instructive letter written to Dr. R. V.
Pierce of Buffalo, N. Y. But he began to take
Dr. Pierce's Golden Medical Discovery and she
soon began to gain strength and flesh. After
taking ten bottles she was entirely well. Should
you think this will do you any good to publish,
use it, and if any one disputes the merits
of this almost omnipotent medicine they may
enclose self-addressed envelope with stamp,
and I will answer the same as written in this
letter."
But the time to use this medicine is now
while the little weaknesses are slowly
breaking you down. Awaken in time and
throw off the deadly danger before it
strikes you in a vital spot. This glorious
"Discovery" will give you appetite and
digestive power, pure blood and solid sub-
stantial strength.
Write to Dr. Pierce about your condition.
He will send you good, professional ad-
vice, free of charge.

the court, "on so important a matter as
the chemicalized beef reported by Major
Daly and personally known to himself,
is most remarkable."

The remark is also made that General
Miles' failure to draw special attention
to this report is "unexplained."

Commenting upon General Miles' tes-
timony that he had first formed the
opinion last August that the refrigerated
beef had been processed, the court re-
marks: "Whatever the date upon
which he formed a belief, or a reason-
able suspicion, that the health of the
troops was being impaired by the use of
deleterious food, it was his bounded
duty, in the opinion of the court, in-
stantly to take the most effective mea-
sures within his control to ascertain the
actual fact and to correct the wrong, if
any should be found."

The evidence shows that Colonel John
F. Weston, assistant commissary gen-
eral of subsistence, recommended the
adoption of the canned roast beef as a
component of the field ration, and to
this extent he is responsible.

Eagan Censured.
The report places the quantity of
canned roast beef purchased for the war
by the commissary department at 6,847-
174 pounds, including 350,000 pounds
which was brought from Liverpool and
other English ports. This amount is
characterized as excessive, and the com-
missary general (General Egan) is se-
verely criticised in several parts of the
document on this score. One of the se-
verest rebukes is as follows:

"Considering the little use that has
been made of this beef in the regular
army, the probability that the volun-
teers were entirely ignorant of it; that
its use as a part of the field ration had
never been sanctioned by the president
or secretary of war, the court can but
characterize the action of the commis-
sary general of subsistence as unwar-
ranted and reckless in that he ordered
the purchase of such enormous quan-
tities of food that was practically untried
and unknown, and the court so finds.
The court also finds that there is no
ground for any imputation whatever of
any other actuating motive on the part
of the commissary general, than the
earnest desire to procure the best possi-
ble food for the troops. The court pro-
nounces this act of the commissary gen-
eral of subsistence of a colossal error for
which there is no palliation in Cuba.

Miles Has Nothing to Say.
Washington, May 8.—General Miles,
when asked last night whether he had
any comment to make upon the report
replied that he had read it. "But
I have nothing to say," he added,
"either about the report, the method of
testimony or the conclusions reached."
"Does that mean that, so far as you are
concerned, you will let the matter rest
where the report leaves it?" asked the
reporter. "I have nothing to say," re-
plied General Miles.

DEWEY'S HEALTH

Has Not Felt the Necessity of a Physi-
cian's Aid.

San Francisco, May 8.—On the steam-
ship City of Peking, from China and
Japan, was Dr. E. Page, passed assistant
surgeon, U. S. N., and surgeon on
the flagship Olympia for the past year
and a half. He makes the following
statement regarding Admiral Dewey's
health:

"Admiral Dewey is in perfect health.
He has not been more than 20 miles
away from Manila since May 1, 1898,
and he has not felt the necessity of a
physician's aid. The reports concerning
the admiral's physical condition have
been grossly exaggerated. The climate
of Manila is enervating, of course, but
the commander of the fleet has been no
more affected by it than any one else."

"The people of California will be dis-
appointed at not seeing Admiral Dewey,
for he has determined to return to the
United States in the Olympia by way of
the Suez canal."

COURTS THE EASY CHAIR

At Sing Sing Does the Murderer of
Banker Masterton.

New York, May 8.—James Neale
Plumb, who killed Alexander Master-
ton last Wednesday, is causing his coun-
sel and friends much embarrassment by
his apparent contentment with what he
has done.

It is learned that Harry Thompson,
his lawyer, called at the toms, accom-
panied by a physician, who entered into
a conversation with Plumb to form a
conclusion as to his sanity. The men
had talked only a few minutes when
Plumb suddenly arose from his seat and
said excitedly:

"I am not insane! I tell you, I am
not insane! If you put in a plea of in-
sanity as a defense for me, I will get up
in open court and denounce the plea as
false. I deliberately planned to kill
Masterton. Do you think a man who
could promediate an act like that, as I
did for years, is insane? My vindicta-
tion will be the easy chair at Sing Sing,
which will send me into an everlasting
sleep."

MODERN WOODMEN

Kansas City Most Expected to Be
Largest In History of Order.

Kansas City, May 8.—The local camps
of the Modern Woodmen have so far
progressed with their work that it can
positively be stated now that the na-
tional meeting which will be held in
this city, beginning on Monday, June 6,
and continuing until June 10, will be
the biggest affair of its kind in the his-
tory of the order. A reception com-
mittee of 250 men has been appointed
and they will devote their whole time
to entertaining the delegates and alter-
nates, who will be here from all over
the United States. Conservative esti-
mates place the number of strangers
who will be the guests of the city at
100,000.

Arrived With Discharged Soldiers.
New York, May 8.—The United States
transport McClellan, Captain Nerickley,
arrived yesterday from San Juan, Ponce
and Santiago with seven cabin passen-
gers and 102 discharged soldiers.

TAKING OF BACOLER

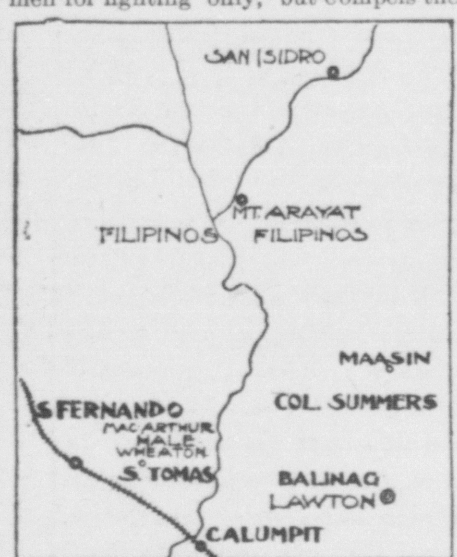

Next Task Laid Out For Mac-
Arthur and Lawton's
Troops.

ENEMY IS 6,000 STRONG

Well Armed and Possessed of Plenty
of Ammunition Under General Mas-
cardo—Town Well Entrenched and
Natives Working Like Beavers Dig-
ging Other Entrenchments.

Manila, May 8.—To clear the Fili-
pinos out of Bacoler, about five miles
southwest of San Fernando, will be the
next task of the Americans. The rebel
general, Mascardo, has a force of 6,000
men there, well armed and possessed of
plenty of ammunition. His troops have
never met American soldiers and they
think, according to reports carried to
San Fernando, that they can "whip the
whole lot."

Bacoler is well entrenched and thou-
sands of natives are working like beavers,
digging trenches and carrying the dirt
in baskets. The enemy uses his rifle-
men for fighting only, but compels the

MAP OF OUR ADVANCE.
Bolomen and Chinese, and even the
women, to labor incessantly.

The rebels have an outpost about a
mile beyond San Fernando, with a
trench that holds between 200 and 300
men. At that point several volleys
were fired Saturday night upon the
camp of the Twentieth Kansas regim-
ent.

Neither Major General MacArthur or
Major General Lawton moved yester-
day, although each reconnoitered the
country in his own vicinity for some
miles from headquarters, developing the
presence of small forces of the enemy.

In the vicinity of Laguna de Bay the
rebels are extremely active, but the lines
of General Overseer and Colonel Whole-
ley have been materially strengthened
and there is no danger in that direction.
The entrance of the Americans into
San Fernando was virtually unopposed.
The Filipinos, who expected the invad-
ers to approach from the sea, had that
side of the town strongly guarded, but
there was only one line of trenches be-
yond San Tomas. Two battalions of
the Fifty-first Iowa regiment, which
swam the river north of the city, were
smartly peppered while in the water,
but the rebels disappeared as soon as
the Americans reached the shore. In
the meantime the hospital squad had
walked across the bridge into the city,
supposing the Americans were there.
They encountered no natives.

The few Spaniards and Filipinos who
were left welcomed the Americans and
opened their houses to them, General
MacArthur accepting entertainment at
the hands of Senor Hizon, a sugar mag-
nate.

Before evacuating San Fernando the
rebels burned the church and the public
buildings and looted the Chinese quar-
ter. They drove many rich Filipinos,
with their families, out of the city be-
fore them, as well as hundreds of Chi-
nese, to prevent them helping the Ameri-
cans. They cut the throats of some.
Many Chinese hid on rooftops or in cel-
lars, and some escaped by cutting off
their queues.

The country beyond Calumpit is full
of all sorts of ingenious trenches and
pitsfalls in the road, with sharpened
bamboo. Fortunately the Americans
escaped the latter.

In the swamps near San Tomas, where
General Wheaton's troops did their
hardest fighting—the men sinking to
their waists in mud—are many bodies
of Filipinos, smelling horribly.

The army is really enjoying life at
San Fernando, which is the most pic-
turesque and wealthy town the Ameri-
cans have entered since the occupation
of Manila. It is largely built of stone,
the river is close at hand, and high hills
almost surround it. Many sugar fac-
tories indicate a thriving industry in
that respect, and there are numerous
fine residences. General MacArthur's
permanent headquarters is established
in the best house in town, which is
richly decorated with frescoes and with
carved wood.

After Bacoler has been cleared water
communication with Manila may be es-
tablished.

The American troops are much ex-
hausted by the campaign except the
Iowa troops, which are comparatively
fresh. The regiments of the division
average less than 50 men to a company
and all have a weather worn appear-
ance.

Senator Albert Beveridge of Indiana
is here, studying the Philippine ques-
tion.

CONFERENCE

Of United Mine Workers and Oper-
ators at Pittsburg.

Pittsburg, Kan., May 8.—After a con-
ference which lasted till after midnight
Saturday night between the operators
and executive boards of United Mine
Workers' associations of districts No. 21
and 14 here, over a question of a scale
and the recognition of the United Mine
Workers' association, an adjournment
was had without any results having
been reached.

Adjournment was taken until tomor-
row in order that the executive com-
mittee could frame a new proposition and
allow the operators interested in the
southern Kansas and Indian Territory
district to agree upon a definite plan of
action.

In addition to a full attendance of the
executive boards of the above named
districts, President Mitchell of the na-
tional organization, James Boston of
Illinois and J. P. Reese, members of the
national executive board, were present.

DIVORCE AND MARRIAGE

Strong Words From Cardinal Gib-
bons on a Recent Happening.

Baltimore, May 8.—Cardinal Gib-
bons, in the course of his sermon at the
cathedral yesterday, on the unity of the
church characterized the recent divorce
and marriage of a society lady in New
York a crime against Christ. His emi-
nence said: "Consider the pontiff in re-
lation to King Henry VIII, who asked
for the pope's sanction to a divorce so
that he might marry again. The pope
refused to give it, saying 'Whom God
hath joined together let no man put
asunder.' Only a few days ago the
country was shocked at a woman in
high life who was divorced at 3 o'clock
and married again almost before the ink
was dry on the divorce papers. This is
a crime against the law of Jesus Christ."

POWDER EXPLOSION

Eighteen Tons of the Explosive De-
stroyed Near Pottsville.

Pottsville, Pa., May 8.—The powder-
mill plant of the Pottsville Powder com-
pany, located in the Indian Run valley,
seven miles west of here, blew up yester-
day, destroying 18 tons of powder.
No workmen were about the plant at
the time of the explosion, but John K.
Seiders, who lives near by, was slightly
hurt. A gang of tramps, it is believed,
set fire to a magazine which contained
1,600 kegs of blasting powder and 50
kegs of rifle powder, in all about 18 tons.
Pottsville and vicinity were shaken and
many window panes in the houses in
the western suburb of this place were
broken.

CIVIC FEDERATION

Will Call a National Conference on
Combinations and Trusts.

Chicago, May 8.—Ralph M. Easley,
secretary of the Chicago Civic Federa-
tion, the organization which called the
Saratoga conference on foreign policy
last August, and also organized the na-
tional conference on primary election
reform held in New York in January,
1898, and the conference on arbitration
held in Chicago after the great strike of
1894, is preparing a call for a national
conference on combinations and trusts
to be held in Chicago, Indianapolis or
some other central point.

WANT A FLAG

Cuban Steamship Lines Will Ask to
Fly the Stars and Stripes.

Havana, May 8.—The owners of the
principal Cuban steamship lines met
yesterday and resolved to send two rep-
resentatives to Washington with a re-
quest that the companies be allowed to
fly the American flag, or, if that be im-
possible, to have a distinctive flag, so as
to be able to engage in trade with the
United States and other countries.
Senors Cosmo de Herrera and Blanco,
acting for the estate of Count de Mon-
tana and in the interest of Herrera com-
pany, will probably be the deputation.

Approved the Administration's Policy.

Chicago, May 8.—Three massmeetings
were held in Chicago yesterday to voice
approval of the policy of the adminis-
tration with reference to the Philippine
islands, and to protest against the senti-
ments expressed last Sunday at the
"antiexpansion" meeting in Central
Music hall. The meetings were held in
the Auditorium, Central Music hall and
the First Methodist church and in spite
of the inclement weather the aggregate
of attendance was probably 10,000.

Governor Thomas Impatient.

Denver, May 8.—Governor Thomas
has announced that within a few days,
if President McKinley and Secretary of
War Alger continue to ignore his com-
munications on the subject of the Col-
orado regiment's return from the Philip-
pines, he will take steps with a view to
securing the immediate recall of the
troops.

Woonsocket Driving Park Burned.

Woonsocket, R. I., May 8.—All the
buildings connected with the Woon-
socket driving park were burned yester-
day afternoon and 50 pounds of dynamite
stored in one of the stables ex-
ploded, shaking the country for miles
around. The buildings destroyed were
valued at \$25,000.

Cataluna Leaves Manila.

Madrid, May 8.—The minister of war,
Lieutenant General Polavieja, has re-
ceived a dispatch from General Rios,
Spain's principal military representative
in the Philippines, announcing the sail-
ing from Manila for Spain of the Span-
ish steamer Cataluna with Spanish
troops.

Jail Delivery at Toledo.

Toledo, May 8.—William Miller,

PROSECUTING SWINDLERS.

Two Men Who Were Taken In by
Corncob Pipe Machinery Sharps.

Andrews, Ind., May 8.—The federal
court of St. Louis has summoned E. B.
Cubberly and B. F. Andrews to appear
before the court tomorrow morning
against E. W. Nostine and others, who
are awaiting trial for extensive swind-
ling operations. Cubberly and Morris
embarked in the corncob pipe manu-
facturing business on the recommendation
of Nostine's representative, buying
their machinery of Nostine and his
partners at a high figure. When the
machinery arrived and was set up it
proved to be worthless, and cob pipes
could not be sold at any price. Cubberly
and Morris dropped about \$5,000 and
have since learned that firms all over
the country have been victimized. Cubberly
located the swindlers and got out
warrants for their arrest and proposes
to prosecute them to the full extent of
the law.

died yesterday morning. Both died of
spinal meningitis.

DREYFUS CASE

Italy Exonerated From Any Connec-
tion With the Matter.
Rome, May 8.—The Tribuna, in an
article exonerating Italy from any con-
nection with Dreyfus, declares that the
bureau was sent to the consierge of
the German embassy in Paris, who
retransmitted it to Lieutenant Colonel
Henry. It asserts also that the docu-
ments quoted in the bureau were
sent on tracing paper by Esterhazy to
Colonel Schwartzkoppen, then attache
of the German embassy, who was not
aware of the existence of the bureau
until it was published by The Matin.

According to The Tribuna the petit
bleu was dictated by Colonel Schwartz-
koppen to a person whose identity will
soon be made known to the public, and
the phrase "Canaille de D—" was
meant to apply to Dubois, the secret
service agent.

MINERS' UNION

In Shoshone County, Ida., In Bad
Order With General Merriam.

Spokane, Wash., May 8.—Mines of
Shoshone county Idaho that propose to
operate during the reign of martial law
may do so only on conditions that they
do not employ members of the Cour
d'Alene Miners' union.
This is the martial law as laid down
by General Merriam and Attorney Gen-
eral Hayes of Idaho. At a meeting of
the mine owners in this city Saturday
Mr. Hayes presented this mandate. The
miners cheerfully promised to obey.

Travelers and Home-Seekers Going Northwest to Montana and Washington.

Commencing March 15th, can have through sleeping car service from St. Louis every Wednesday, via the Burlington Route, for the entire journey through to Butte, Spokane, Seattle, Puget Sound and intermediate destinations on the Northern Pacific Railway.

The through sleepers are the "real thing," and are carried on the Burlington's Montana Express, leaving St. Louis, 8:45 p. m., Wednesday, via its Northwest Main Line, the Billings Route—the short line and the time saver to the entire Northwest.

This is the only through tourist sleeping car service from St. Louis to Montana or Washington.

The Burlington Route has also inaugurated through first class sleeping car service every day from St. Louis to Butte, Anaconda, Montana. Write us about these things.

Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart, and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise.

SHOT HIS NEIGHBOR

ABSOLUTE SECURITY.

John Shafer Is Killed Near Bloomfield While Trying to Renew a Quarrel.

PROSECUTING SWINDLERS

Two Citizens of Andrews Who Were Taken In on a Corn Cob Deal—Man and Wife Die a Few Hours Apart. Bursting of Natural Gas Mains Near Logansport Causes an Explosion.

Bloomfield, Ind., May 8.—In Washington township James Simpson shot and killed John Shafer, who had called to renew a petty family quarrel with Simpson. Both parties are well-to-do farmers.

BANKRUPTCY

Two Hundred and Seventeen Petitions Filed in the Federal Court.

Indianapolis, May 8.—Filing petitions in bankruptcy has become epidemic. Since the law went into effect no less than 217 have been filed in the federal court in this city. Among those filed Saturday are Francis L. Davis, a locomotive engineer of Elkhart, who places his liabilities at \$516.85 and assets at \$242.70; Jacob S. Shedd of Warsaw, a clerk, gives his liabilities at \$20,524 and assets at \$320; William Watson & Son of Bloomington, contractors, give their liabilities at \$2,981.11 and assets at \$1,018.09; Joseph A. Bridges of Delphi has liabilities amounting to \$9,396.95 and \$1,872 assets.

TO ABOLISH SLANG

Meeting Held in New Albany Looking to Purification of Language.

New Albany, Ind., May 8.—A meeting was held in this city Saturday afternoon by the council of presidents of clubs of the Falls cities to further the work of abolishing the use of slang. A hundred representatives were present. The subject discussed was "Purification of Spoken English." The city superintendents of schools of the Falls cities and a number of noted teachers participated. The promoters claim that they are already meeting with success in the efforts to abolish bad English.

ARRESTED IN PEORIA.

Two Young Men and Two Girls Traveling Overland.

Peoria, Ill., May 8.—Sidney Morris and Richard Mason, in company with Maud Rose and Etta Morgan, all of Indianapolis, were arrested here Saturday night. All are under 20 years of age and claim to have driven all the way from Indianapolis in a 1-horse spring wagon. The young men say they are looking for work, and the girls assert they were induced to join the party on promise of a double wedding when they reached the journey's end.

WERE SHAKEN UP.

Logansport Shocked by a Natural Gas Explosion.

Logansport, Ind., May 8.—A break in the main line of the Chicago Gas and Pipeline company near here caused an explosion which shook the city and the citizens rushed from their homes. A flaw in an 18-inch main caused the explosion and threw dirt and rock high in the air. The gas continued to escape with a roar and rush that could be heard for miles around. Over 250 men were put to work to repair the break.

Called Out and Shot.

Kokomo, Ind., May 8.—John Booher, a married man, was shot Saturday night near his home by George Chamberlain. Several days ago Booher accused Chamberlain of insulting his wife, and Saturday night Chamberlain went to the Booher home in an intoxicated condition and called him out and shot him in the left breast. Chamberlain was arrested.

James Davy Dead.

Spiceland, Ind., May 8.—James Davy died here yesterday, aged 63. During the civil war he served four years and two months as a member of Company C, Forty-seventh Indiana volunteers. At the battle of Champion Hills his company went in 46 strong and came out with only 11 men, 16 having been killed and 19 wounded, he being one of the 11.

Gets to Keep the Money.

Redkey, Ind., May 8.—The suit instituted by this town to make Daniel Wilt, cashier of the Bank of Redkey, give up \$400 which he made on a sale of \$5,000 worth of Redkey bonds, has been dismissed by order of the new town board on petition of friends of Cashier Wilt, said to include all the business men of Redkey. The suit was begun last year.

Crushed to Death.

Richmond, Ind., May 8.—T. J. McManus, aged 31, an employee of Buffalo Bill's Wild West show, was killed Saturday night while at work after the performance. He fell from a heavily loaded wagon and the wheels passed over his chest, crushing him to death. His home was at Pittsburg.

May Quarantine Against Liberty.

Richmond, Ind., May 8.—Dr. T. Henry Davis of the state health board, received a telegram Saturday stating that smallpox existed at Liberty, and that no precautions had been taken by local health officers to stamp the disease out or to prevent its spreading. In view of these facts Richmond may quarantine against Liberty.

Head Cut Off by Cars.

Evansville, Ind., May 8.—Charles Hubbard, 7 years old, attempted to climb on a moving freight train Saturday night and fell between the cars. He was decapitated and one arm was also cut off. He was the son of a widow.

Eagle, The Rag or Allbirds.

Is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, styes, sore eyes of any kind or granulated lids. Sold by all dealers 25 cents.

Healed by Faith and Prayer.

The Pea Ridge reporter said last week that there was a "divine healer" located at Medora and that a veritable "humbugged" all of which is a mistake. The Rev. J. C. Barnes does not claim to be a divine healer but does believe that God hears and answers prayer and heals the body as well as the soul. Miss Alice Gray was the first one that Mr. Barnes called to see. She had been under the doctor's care for thirty months and a doctor of this town said there was no power on earth that could cure Miss Alice. When Rev. Barnes asked Sister Gray if she believed God could heal her body she said she did. Rev. Barnes presented Sister Alice's case to the great Physician that can heal soul and body. Sister has been improving rapidly and has been out to church, sang in the choir and is once more able to visit her friends.

The second person to be "humbugged" was Miss Adelia McKinny. She had been confined to her bed over 15 months. She too trusted God and has been improving ever since the Rev. Barnes first asked God to heal her. She was hauled to church last Sunday and since has been walking over town and today is visiting sister Alice Gray as the latter is intending to visit relatives at Seymour Tuesday. We have some smart people that say that all of this has been brought about by hypnotism. Now if you would ask these people to explain hypnotism they would be surprised at their own ignorance.

IT IS VERY SCIENTIFIC.

PREFERRED TO OTHERS OF ITS KIND.

A Few of the Many Points of Excellence Not to Be Found Among Other Kidney Remedies.

Morrow's Kid-ne-oids, the great remedy for kidney and urinary ailments is a scientific preparation. It has been perfected after eighteen years of hard work, by an experienced chemist. Kid-ne-oids act gently thoroughly, quickly and directly on the kidneys, nerves and urinary organs. They will build up the system and restore its normal parts to their natural condition.

Wesley Wilson, residing at 1343 South Charles street, Indianapolis, Ind., says: "I have been afflicted for some time with my back in the region of the kidneys. I began to realize that it was kidney trouble for it hurt me to stoop over or lift anything heavy; my back ached so hard that sometimes I could hardly do my work. Pain and suffering took my strength and upset my nervous system. I read about Morrow's Kid-ne-oids and got some; by following the directions I have been cured. I feel well and strong now and like doing a large day's work."

Morrow's Kid-ne-oids are not pills but Yellow Tablets and cure backache, nervousness and sleeplessness. They are put up in wooden boxes which contain enough for about two weeks' treatment and sell at fifty cents a box at all drug stores and Alpha Cox's.

Mailed on receipt of price. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises, and burns, for which, for which it is unequalled. For sale by C. W. Milhous.
